During in this week I and my team brothers are worked in 5 new rural villages in our district of Guntur among the Hindus. These villages are very far away almost all people are worshiping idols and trees. First we meet the village present and taken permission to work there. 6000 tracts distributed and preached the word of God through Mega phone cover the every street. 4 street Gospel meetings conducted given message of Birth of Our Lord Jesus Christ.

Every time when we are distributing tracts we are facing troubles. Like this way we are faced problems here. When we are distributing tracts here some are taking it and read with much interest. And some are fully rejected and talked bad words against us. We had conducted street Gospel meetings on the Road. For these meetings 10 to 18 people are attended and some not come to meeting, but they are standing out side the meeting and hear the word of God. After meeting over we had prayed for the sick. The Lord's work went well in this week. Please kindly pray for them.

During in this week we had worked few previous villages, giving the message of Our Lord Jesus Christ Birth. Every day two to four villages we were covered, through tracts, Mega phone and night time street Gospel meetings we had proclaim the Word of God here. Two cottage prayers and two street Gospel meetings conduced.

In the mooring at 8:00 am going to the ministry and come back to home at 11 pm to 12:30 am mid night. Among the communists and Muslims we had worked. I saw many people very much willing to hear the word of God. When they are hear the Word of God and reading the tracts, they find peace and joy in their hearts, and willing to know more about Gospel. Few people are come to us and telling their witness about their Joy and Peace and asking to know more about Jesus. I and my team brothers are very clearly explained to them. And God had done miracles among them when we prayed for the sick.

1. *Krishna Rao 41 year's old man, suffering with leg pain since few years. God wonderfully healed him. Now he is happy and Praising Him.*
2. *David 11 year's old child, suffering pain and lump behind right her. Now its gone and he and his whole family very happy.*
