My team brothers and I worked in Nalurupalem and nine surrounding villages. Nalurupalem is 19 km away from us and the other nine villages around 23 km away. Every village has 10000 thousands to 13000 thousands poor people living there. In these villages 90% are Hindus and 8% Muslims and 2% are Christians. Here village there is no proper church or a preacher. It is our heartfelt desire to work such like these villages with Gospel. Through street Evangelism, person Evangelism and street meetings we are preach the Gospel there.

We are so please to work in these villages, our vision and burden is Gospel work and to help the poor. In ten villages we covered every street and door to door, person to person and six street meetings we conducted. Please kindly pray for these people to know Jesus.

Monday to Saturday

06/09/08 – 06/14/08

We worked among the forest community; this six villages are in the forest. They are located 32 kilometers away from us. These people were from tribal community living in very poor conditions. The population in these six villages is 7930. Through mega phone we preach the Gospel every street and invited them for street meeting at night time. We had conducted four street meetings for every meeting had an attendance of ten to seventeen people. When we are preaching the Gospel there some are faith in Lord and willing to pray for their sick people and also requested to pray for their problems.

By the grace of God and by your fervent prayers two sick people were healed from disease of deaf and extreme back pain. Really God has done great miracles among these people and three people accepted Jesus Christ as their personal savior and were baptized.

Their names:

1. Mr. Manika Rao
2. Mr. Thirumula Rao

They rejoiced for the new life in Jesus Christ.

Monday to Saturday

06/16/08 – 06/21/08

We worked around Muslims and Hindus villages of Chabrolu and its surrounding four villages. The total population in these five villages is 21000. Here 83% are Hindus, 11% Muslims and 4% are Christian. Really the Lord's work was very hardly here because Hindu fundamentalists strictly obstruct. They did not allow us to preach the Gospel there. They came to beat us and destroyed all of our things, but with some other people's help we are doing the Lord's work there.

We are very unhappy about it because we could not do the Lord's work. Only few places we covered and four street meetings conducted beside the road on the street light. Please kindly pray for these people who are obstructing the Gospel.

Monday to Monday

During this week we had worked 12 villages at Kothapalem and beside eleven villages. Here 12 village people were fishermen total 12 villages' population 30000. All these people were very poor suffering for their daily bread. In fact here people are using half clothes and almost all worshipping idols and trees. When we entire among them, we faced many struggles with them and sometimes we persecuted; although it is our vision and burden to work such a great dangerous people.

Through street meetings, street Evangelism we worked among them. 10 street meetings conducted and covered every street preaching the word of God with mega phone. We had seen miracle people came to meetings to hear the word of God every meeting 23 to 26 people attended and hear of word of God with much interest. And we had prayed for sick people. We hope in the days to come we can able to do His work more among these people.
