### **Thursday to Friday**

**05/01/08 - 05/09/08**

During these nine days we worked in 13 villages among the tribal and fishermen community. These people are strong Hindus and there is no Gospel there, no preacher has worked there. We are the first ones to introduce the gospel of Jesus Christ and almost all people were illiterates; through personal Evangelism, street meetings at day and night time we worked there. Many people strictly rejected to hear the Gospel and they are given many problems to work there. Any way the Lord's work went well among the unsaved people and there is much to work there. I hope we will be able to work there again very soon.

### **Monday to Saturday**

This week we worked in Annathavarpadu and its surrounding 9 villages among the Hindus fundamentalists and Muslims. These villages are located 62 km away from us; we used motor cycles to get there. In fact it is not easy to work among these people; here many times we faced struggles with these people. By God's grace and your fervent prayers we always try to work in places like this one. We cover 10 villages, distributed tracts to everyone, personal Evangelism and street meetings. 9800 tracts were distributed, through personal Evangelism 17 people heard the word of God and we prayed many sick people and conducted 5 street meetings. I hope in the days to come they will know Jesus Christ and believe in Him. Please kindly pray for these people and for the sick people who we are praying for healing for their diseases.

In these Gospel Crusades we prayed for one woman suffering lack of hunger for five months. They visited many hospitals, but there is no result. Doctors said there is no disease in her body. These people are strong Hindus, second day they came to Gospel Crusades and after they heard the word
