OCTOBER '08

Wednesday to Saturday

10/01/08 - 10/04/08

During these 4 days we had worked among the drinkers in rural remote villages. Here rural villages men taking drink (alcohol) from the tree of ice fruit. This drink is very cheap, 24 hours they were drink and do not care anything their families and always beat their wives. And their children became destitute living as their like.

Mostly these types of drinkers living under trees, we meet of some of these people very carefully we talked to them. But they have asked many, many questions we clarify all of their questions. 4 days every day we meet them and said about Gospel, but almost all not willing to hear the Gospel. Although we preached the word of God among these dangerous people; it is a great need to work these people, I hope very soon we able to do more work.

Monday to Saturday

10/06/08 – 10/11/08

During in this week we had worked in new villages among the strong Hindus. In fact all of these Hindus worshiping their many gods and they did not allow any Christian preacher or to conduct any meeting, like this many villages here. In 8 villages we tried to work and talked village leaders to give permission to preach the Gospel, very hardly 3 village leaders given permission only to distribute the tracts there and they do not like to take any photos there.

Really it is a great miracle to work these 3 villages, because it is not easy and they did not fear to beat or do anything. In 3 villages very few people received tracts many people are rejected and talked against us and some women quarrel with us. But we did not talk anything against to them. There is a great need to work like these villages, but is very hard. We would like very much to work these villages' houses to house, person to person for the glory of God.

Monday to Friday

They were all illiterates any of them and their children have no education. Through personal Evangelism, cottage prayer meeting and street Gospel meeting we preach the Gospel among these very poor people.

412 kilometers we traveled 49 km we talked 3 cottage prayer meeting and 4 street Gospel conducted. To cottage prayer meeting 20 to 24 people were attended and street Gospel meeting 62 to 68 people attended. And we had prayed for many sick people who are suffering with different kind of diseases.

Monday to Friday**10/27/08 – 10/31/08**

During in this week we had worked 4 new villages. In these new villages we are able to do His work through tracts distribution only. In 4 villages in every village in every street we covered, distributing tracts and giving the word of God little when we are giving the tracts to them. In every village 1200 to 1700 tracts were distributed.

Some are taken tracts destroyed it and some are burn it and few people read and then destroyed before us. In fact there is great need to preach the Gospel among these people and also great to conduct street Gospel meeting.
