MARCH '09

Monday to Saturday

03/02/09 – 03/07/09

In this week my team brothers and I preached the Gospel AvaniGada Krishna District and its 9 villages among the Hindu tribal communities. AvaniGada and its surrounding 9 villages are 15 to 42 km away from us and almost all these villages are remote places. After preaching the Gospel there day and night, we reached our homes by 11 pm to 12 am.

We visited a total of ten villages. We preached the Gospel with street Evangelism, personal Evangelism, street Gospel meetings and tracts distribution. In AvaniGada we visited a school and distributed 40 New Testaments and some tracts to high school children. Few days back, received some postal letters from these children; they asked for New Testaments and tracts and with New Testaments and tracts we preach the word of God to them. In ten villages we met many people and preached the word of God personally and gave them tracts. 2600 tracts were distributed; through street Evangelism we covered ten villages and distributed tracts house by house, person by person and we were able to conduct 3 street Gospel meetings. In these new villages very few people attended to street Gospel meetings. We had around 15 to 21 people. Very carefully we preached the word of God here, with good interested they all heard the word of God and we prayed for some sick people who attended these street meetings. Please kindly pray for these people to find the Jesus Christ as their savior.

Monday to Friday

03/09/09 – 03/13/09

During this week Follow Jesus Team Ministries had been bringing the great Gospel for the people who are living in great destitute condition in forest land through three days Gospel Crusades in the village of Adavuladeevi. Most of the people in these villages are drinkers and they strongly opposed the Gospel. M. Joseph one of our team brother and his family has been working here for few years now.

God helped us in all ways to conduct Gospel Crusades there without any problem with the people and everything went well. This is the second time we received good response from the people and they received the Gospel greatly. We prayed for many sick people who attended.

Every day 110 to 190 people attended and last day 300 people attended. All of these people heard the word of God with much interest and worshiped our mighty God. We showed the Jesus films in last two days, people were very much interested to see it. 250 to 360 people attended to see the Jesus' film. In these villages we are the first Gospel workers to conduct Gospel Crusades and show the Jesus films.

We showed films of Jesus in Dayamuyudu and Karunamayudu. People started crying when they saw the film. Everyone felt very happy and they liked it very much.

Through this Gospel Crusades three days the word of God gone surrounding villages through loud speakers and 16 people were accepted Jesus Christ as their personal savior. I hope in the days to come many people will be found Jesus Christ as their savior. And film Evangelism is great helpful for us to reach more people with Gospel and it will be helpful to them very much.

In fact, like these rural remote villages there are many others in our state with great need to hear the gospel of Jesus Christ. Really, there is a great need for your fervent prayers and encouragement to reach the people with Gospel. Your fervent prayers and encouragement make an incredible difference to the lives of many people in India. It is our heartfelt desire that India shall be saved! Yes the whole world shall be saved.

Monday to Friday

03/16/09 – 03/20/09

We preached Pettalavaripalem and surrounding 5 villages only at day time, because of hardships we were unable to reach 12 villages. Pettalavaripalem and surrounding 5 villages are 42 to 82 km away from us. We met 200 people and preached the Gospel to them; it was very helpful for us to met those people.

In 5 villages we covered every street by distributing the tracts, and street evangelism. Through walk 74 km walked and motor cycles, buses 420 km traveled. 3200 tracts and 500 booklets are distributed.

And we did not conduct any street meeting or cottage meeting here, but through tracts distribution, street Evangelism with mage phone and personal Evangelism we preached the Gospel here. In fact there is a great need to preach the Gospel here in many villages. Please kindly pray that God will open more doors to reach more villages.

Monday to Tuesday

03/23/09 – 03/31/09

During this week at day time we reached Ramabhutlavaripalem and its surrounding 16 villages. I, my team brothers and some of our Pastors and Evangelists were involved in this week Gospel outreach work. We were a total of 14 members that worked here and conducted 2 street Gospel meetings and showed the Jesus films.

Every one of us worked very hardly distributing tracts person by person and house by house and giving the word of God personally. Here 90% of people were strong Hindus they were worshiping many of their idol gods and trees, and they were all very rich and high cast people.

4300 tracts were distributed and in 16 villages we covered every street. In one village 20 to 22 people attended the Gospel street meeting and in the second village 34 to 40 came to see Jesus; film. People have good interest to see it and 4 women were saved after see the film and this is a great miracle among Hindus.
