## **Thursday to Friday**

**04/01/10 – 04/09/10**

In this week days of time I and my team brothers are mostly relax after one week hard programmer conducted the 3 days Gospel Crusades at Peddavarm Marach 29, 30, 31. Again we started to preach the Good News of Jesus Christ to the local 3 villages of Bethapudi, Pallikona and Surapalli.

These villages are too and fro 8 to 18 kilometers away from us. With megaphone we walked in the streets of villages and preach the Gospel and prayed for some poor sick people who are unable to go the doctor. God has done Miracles in the poor sick people lives, some are gotten healed they we are all Praised God for His wonderful blessings upon the poor.

In fact God has big plan to our poor people lives. In their destitute condition they are living happy life and it are witness to the rich Hindus people, that rich people have no peace in their lives. Rich people have everything, but Jesus Christ have no into their homes. Some of the rich people knowing the truth and they are invite Jesus into their hearts. Praise God.

We are spending almost all of time in Ministry; really we have great passion for Jesus. In 3 villages 49 kilometers traveled by bicycles and 27 streets we walked and prayed for many sick people and some are saved. And that our visit will be encouragement to the people who are living in great desperate condition and some are given witness how they are encouraged by our visit. Keeping praying that God will bless more and more that our poor people.

### **Monday to Saturday**

**04/19/10 – 04/24/10**

Third week of this month that we went out Naluripalem and it is surrounding 3 villages and proclaims the Gospel to the tribal communities. And conducted Gospel Meeting to the poor provided food and clothes to the beggars and poor families.

Really it is great blessing and encouragement to conduct the Gospel Meeting to the poor. In 3 villages we meet 97 people and share the Jesus love. When we meet and share the Jesus love them, really they got peaceful mind and spend time peacefully with their lovely families.

In fact I had saw many families without peace and destroyed their families and many people are suicide. When we saw and hear this terrible news I felt very sorry and trying to reach families with tracts and if God will opportunity sharing the Jesus love to them personally. Personal Evangelism is not easy, very wisely we will approach them and preaching the Gospel. Although we are facing too much hardships, but trying to bring them into Jesus.

In this week we traveled around 400 kilometers and walked 14 streets and telling the love of Jesus many people.
